## About the Programme

The Centre for Gender Studies, National Law University, Jodhpur in association with the National Commission for Women, New Delhi is organizing a 'Capacity Building and Personality Development Programme' for Undergraduate Girl Students of Veer Shiromani Rao Devraj Rathore Government College, Shergarh on 15 January, 2022 (Saturday).

Rajasthan is the largest State in India, accounting for 10% of India's geographical area with widely dispersed habitations, particularly in desert and tribal areas make delivery of services, including education awareness and capacity development difficult in the State. In the background of these indicators we urgently need to broaden girls' career choices and aspirations and their self awareness. We need to create a culture that provides better support for women; need to ensure that at every stage of a woman's career she has the opportunity to learn skills and develop and contribute in a dynamic environment.

Capacity and Personality Development Courses (PDP) deal with developing the communication and interpersonal skills of an individual. Such courses help candidates to learn soft-skills and techniques that are required to gain a competitive edge during placements and job interviews. Personality development is gaining more and more importance as it enables students to create a good impression about themselves on others and helps them to build and develop relationships for career growth. In this backdrop current course will focus on learning and applying the use of intuitive, logical and critical thinking, communication and interpersonal skills, not limited to cognitive/creative skills. These skills and behaviour set, when learned, will enhance outcome of employability.
